

PUBLIC ANNOUNCEMENT: HOBATERE LODGE MANAGEMENT

VALUED CLIENTS, TRAVEL PARTNERS, SUPPLIERS & OTHER STAKEHOLDERS

Over the last few months, Journeys Namibia informed you that effective April 30, 2025, the Hobatere Lodge will no longer be under their management based on a mutual agreement. We confirm that as of **May 1, 2025**, the Lodge is now fully self-managed by our **dedicated, well-experienced in-house team** under the strategic leadership of the **Board of Directors**.

This transition marks an exciting new chapter for us and the **#Khoadi-//Hoas Conservancy, the owners** of Hobatere Lodge. We are confident that it will allow us to offer an **even more personal, seamless, and tailored experience**, while continuing to deliver the **same level of comfort, hospitality, and unforgettable wildlife adventures that Hobatere is known for**.

Please be assured that:

- o *There will be no changes to existing bookings or the way reservations are handled.*
- o *Rates for 2025 and 2026 remain unchanged, ensuring consistency for our partners and clients.*
- o *Our core team remains the same, with many familiar faces you already know and trust.*

We remain committed to ensuring a smooth and professional booking experience, unforgettable guests experience and look forward to mutually beneficial partnerships.

We would like to extend our gratitude to Journeys Namibia for their support and partnership over the years. We appreciate their role in building Hobatere Lodge into the unique and beloved destination it is today.
